What is PEMF?

- Pulsed Electromagnetic Field (PEMF) Therapy
- Naturally occurring magnetic fields are all around us and all living (and non-living) things on the planet Earth are engulfed in it.
 - 7.83 Hz, 14.1 Hz, 20.3 Hz
- Nothing happens in nature or your body without an energy exchange.
- Restores and replenishes damaged cells
- Non-invasive
- Therapeutic PEMF is NOT the same as harmful EMF
- This form of therapy can have both physical and mental benefits

What is VIBE and RFT?

- VIBE is World's only "Pocket" PEMF device.
- Do Drugs. No side effects. No Bozone.
- FDA general wellness devices
- You place it in your shirt pocket or wear it around your neck with a lanyard while cooking, cleaning, watching TV, sitting at your computer, reading, or walking.
- It's about 2/3 the size of your phone and only weighs 2.5 ounces.
- Resonance Frequency Therapy (RFT)
- Symphony of targeted frequency pairs
- Unique and specific protocols found nowhere else

How does it work?

- It recharges your cell's batteries and massages the cell's membrane
 - A spa for your bodies' cells
- The frequencies resonate with the water in your body to transfer the energy to the cells
- The magnetic field transfers energy to the cell and the frequencies pairs tell the cell what to do with it.
- To get the maximum effectiveness, you must be properly hydrated
- Allows the body to heal itself
- Use it 3-4 times a week on average

History/Background

- The frequencies have been around for over a 100 years.
- Flexner report made everything but drugs and surgery illegal
- Most of the data and history was lost
- Chemical, Mechanical, Electrical
- Henry Van Gelder 1940's
- Resurrected in 1990's
- Resona Health's goal is to make an affordable "pocket" sized consumer devices

Research

- Over 25,000 published PEMF articles
- Over 600 peer reviewed PEMF studies on PubMed
- NASA has used it since 1970's
- FDA approved for non-union fractures
- 500% increase in ATP
- Reduction in cytokines
- MIT Alzheimer's
- Resona Health at home clinical studies

PTSD/Trauma Study

- 93% success rate in reducing the symptoms of PTSD
- A 30-45 day at home pilot study
- 3-4 times a week for 30 days
- RFT sessions were well tolerated
- No adverse events reported
- No dropouts due to adverse events
